

KENDRIYA VIDYALAYA KARNAL

NEWS LETTER

APRIL – JUNE

2020-21

Mr. Rajkumar Yadav

Principal

From the principal desk

Education is not just a process of giving knowledge for a future job but a lifelong process which creates an understanding of moral and ethical values to guide one's life in a right path. As a parent you want the best for your child and we are proud to be working with you. We appreciate your cooperation and hand to hand Upliftment of your wards. "Do the work with intention not because of compulsion." Parents, students and the school authorities are a team and we have to complement each other's efforts.

Well, we have successfully completed our last session 2019-20. But this session has been commenced with an unexpected pandemic (covid -19) . Under this ongoing pandemic session and clamour of the time, we have tried our best to swipe platform of classroom teaching into digital/online teaching which has incurred great passion and patience for both teachers as well as parents. Students are encouraged and counsel with their doubts to emerge like a rising star during amidst of covid -19. Their performance of studying, participation, presentation of activities at home and work is appreciated by teachers.

"If a plant is carefully nurtured by a gardener, it will become good, and produce better fruits." Therefore, children must be given a good training from their earliest childhood. We are here for the same. I am sure that our students of today, tomorrow will carry forward the Motto of love and unity entrusted in their hands at KV KARNAL.

Mrs. Shanti Jewel

Headmistress

Message from HM

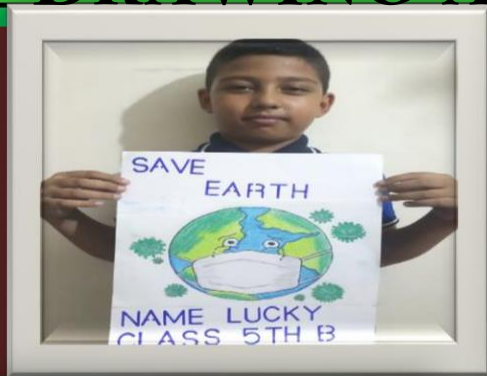

A child is not a vase to be filled, but a fire to be lit.. The children are born with unique gifts who need to be provided with a vast canvass so that they unleash their dreams and aspirations to become avid learners. The common minimum programme at primary level has been initiated by KVS to light this Very fire among the impressionable minds of the Sangathan and the future of our society and mankind. The program is basically aimed at bringing about change in the approach of teaching learning process where the students move out of the four walls of the classrooms to unfold the vistas of knowledge giving vent to their imagination and thoughts through various activities at school. Dear medium of expression has been strengthened by making them Technology save to enable them to be better communicators.
